

Decision
July 31, 2019
Clinton Historic District Commission
Certificate of Appropriateness
Liberty Green Historic District

Tyler Peska
9 Liberty Street
Clinton, CT

Driveways being an intrinsic part of the look and atmosphere of the Liberty Green Historic District, the Commission seeks to minimize the visibility of black top paving by approving:

1. Proposed black top paving from front corner of your house back;
2. Requiring current design of cobblestone apron, using the same texture, shape and color, to be extended where it currently ends up to front corner of your house where paving may start.

Clinton Historic District Commission
