

Bicycle and Pedestrian Alliance of Clinton
On Line Zoom Meeting
May 27, 2020
Meeting Minutes

Members Present (virtually): Carrie Allen, Mark Koschwitz, Moe Bean and Paul Egan.

Minutes Approved Minutes were discussed from February meeting. Mark moved to accept minutes Moe seconded and minutes were approved.

Second Indian River Fund-raiser Event Chris has asked about another fund raising event to be scheduled for July. Due to the Covid 19 crisis, Mark mentioned the Durham Fair, scheduled in late September, has been canceled this year. Clinton town hall still being closed and town events canceled here it was decided it was premature to make any commitment at this time. Carrie will get back to Chris.

Greenway Signage The Greenway directional signs which will be strategically placed to help folks navigate have not yet been installed by DPW. DPW assistance is also required to spread the stone dust acquired for use behind town hall. Now past Memorial Day, these tasks may rise on the DPW radar and hopefully will be scheduled as time allows.

Bike Giveaway Update Since the bike safety and give away event has been canceled Paul used the All Things Clinton Face Book site to “advertise” free bikes for distribution. In one day 44 bikes were distributed. Since then, after posting several weekends and having viewer “share” the post, multiple bike donations have been made. So far this year, over 250 bikes have been distributed; 5X as many as the past 2 years by June 1.

BPAC ideas for engaging the community in these times We BPAC members will share between ourselves favorite bike rides, hikes and outings using such applications like MapMyRide and Strava. Eventually these may get posted on the BPAC website.

Motion to adjourn made by Mark and seconded by Carrie. Meeting adjourned 6:22 pm
