Personal Escape Bailout System Bid Question Responses 3/3/2023

All Systems must be delivered and Invoiced by July 1, 2023

Training will be completed by a date selected and agreed upon by both the Clinton Fire Department and the selected bidder.

If the Train The Trainer option is chosen, it would be for no less than 5 and no more than 10 CFD Instructors. Please price accordingly.

If the student training is selected we understand that all 45 cannot be trained at the same time, multiple sessions would be appropriate, please submit a training option that would include evening and weekend options and a maximum student number per session.

At the present time we do not have an on-site training prop. We have the ability to utilize props at 2 partner agency sites. Should you offer a prop that may be utilized at our training site please provide the cost per session.

Thank you

Respectfully,

Brian Manware
Chief of Department
